## **Section 1: Vision statement**

### **Purpose of the Plan**

The purpose of this plan is to show how Field Place Infant School intends, over time, to increase the accessibility of our school for disabled pupils. Our School is committed to providing an environment that enables full curriculum access that values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs.

### **Definition of Disability**

According to the Equality Act 2010, a person has a disability if:

- a) He or she has a physical or mental impairment.
- b) The impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

### **Legal Background**

Under the Equality Act 2010 all schools must have an Accessibility Plan. The Equality Act 2010 replaced all existing equality legislation including the DDA. The effect of the laws is the same as in the past, meaning that 'Schools cannot lawfully discriminate against pupils because of sex, race, disability, religion or belief and sexual orientation'.

This plan has been drawn up based upon information supplied by the Local Authority, and in conjunction with pupils, parents, staff and governors of the school and will advise other school planning documents.

This Accessibility Plan sets out the proposals of the Governing Body of our school to increase access to education for disabled pupils in the three areas required by the planning duties in the Equality Act:

- a) Increasing the extent to which pupils with a disability can participate in the school curriculum; which includes teaching and learning and the wider curriculum of the school, such as participation in after school clubs, leisure and cultural activities or school visits;
- b) Improving the environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services;
- c) Improving the delivery of information to pupils with a disability, which is provided for pupils who are not disabled.

## Documents and policies

The Accessibility Plan should be read in conjunction with the following school policies, strategies and documents:

- Curriculum policy
- Equality Objectives
- Single Equality Policy
- Staff development policy
- Health and Safety Policy
- Special Educational Needs Policy and Information Report
- Behaviour and Anti-Bullying Policy
- School Development plan
- School Brochure/ prospectus and Vision Statement

The Schools complaints procedure covers the Accessibility plan.

## Training

Whole school training will recognise the need to continue raising awareness for staff and governors on equality issues with reference to the Equality Act 2010.

### Plan Availability:

The school makes the Accessibility Plan available in the following ways:

- A copy is posted on the school's website
- Paper copies are available from the front office

### Review and Evaluation:

It is a requirement that our accessibility plan is resourced, implemented, reviewed and revised as necessary and reported on annually. Below is a set of action plans showing how Field Place Infant School will address the priorities identified in the plan. The plan is valid for three years 2019-22. It is reviewed annually.
