

Home Learning Ideas – Week 5 & 6 Summer Term

Ideas inside blue boxes can be completed in the 'Home Learning Books'

Talk	Physical	Creative	Explore	Resources
<p>Play an alphabet game – can you write down a kind of food for every letter of the alphabet... use your phonics to sound them out. a:apple b:biscuit...</p>	<p>Make a list of the all the different objects you can balance on your head – be safe and sensible with this one!</p> 	<p>Collect loose parts from around your home – it could be anything that you can move – and create a piece of art from everyday objects. Send the photos to your class email!</p>	<p> Get the scales out – choose five items and try to order them from lightest to heaviest. Now weigh them. Were you right?</p>	<p>Dough – corn flour and shampoo make an interesting dough to explore.</p> 
<p>Can you play a number guessing game? 'I'm thinking of a number ... it is higher than 5 but lower than 9... if you add 1 more it makes 7... what is my number?'</p>	<p>Practise all the letters that go back up the line – one armed robots. Can you keep your pen touching the paper from start to finish?</p> 	<p>Go on a pretend trip to Space – what will you wear could you dress up? – what will you see? - can you draw some planets or aliens? – and how will you get there? Can you build a rocket?</p>	<p>Build a bug hotel in your garden or on a walk – collect sticks and stones to build up into layers. Bugs like damp dark places to hide. Check back and see who's moved in.</p>	<p>Using any kind of camera you have,  take one picture everyday for a week and look back at them on Sunday – talk about why you chose each to take each one?</p>
<p>Remember and share the story of your best day ever. Can you draw it in your home learning book?</p> 	<p>Scrunch up a small piece of paper and play a mini penalty shoot-out with your fingers. Who can flick the ball into the goal from the furthest away?</p>	<p>Find a stick and turn it into something magical!</p> 	<p>Play a memory game – put 10 items under a blanket – can you remember them all with only 10 seconds to get ready? How many items did you remember? Keep trying!</p>	<p>Washing up liquid or bubble bath mixed with a little water can make bubble mixture! What can you use from around your home to blow bubbles?</p>
<p>Make a feelings chart and talk about where these different feelings might come from. Refer back to your chart each evening and reflect on how you felt today.</p> 	<p>Challenge yourself to learn a new skill – maybe it is throwing and catching a ball, maybe it's riding your bike without stabilisers – the more you practise, the better you get!</p> 	<p>Invent your own alien. Draw him or her with lots of detail! - how many arms, legs, noses does it have? Now write some information - where does it live? What does it eat?</p>	<p>Go on a shape hunt around the house – can you find things that match these shapes?</p> 	<p>Don't forget to just get the pens and paper out for some free drawing and writing too!</p>
