

Home Learning Newsletter

Week beginning 18.5.2020

Hi everyone!

We hope you've all enjoyed another successful week of learning from home. You will have heard about the changes to our lockdown situation and how these impact Reception children; please try to not to worry as school will let you know when guidance is set and a plan is in place. For now, continue as you have been because you're doing great! The children using IXL are storming through tasks and we are hearing about children getting stuck into their reading and enjoying lots of creative play. We hope you are all staying safe and well and managing any emotional needs as they arise. Remember you can always email your class teacher if you need support with any element of your child's learning and development. We're happy to help!

Relax & Engage

The Rainbow Reach website has some lovely exercises that support children to make links between their emotional and physical reactions. Try Spaghetti Toes as an exercise in relaxing bodies when things are getting a little tense. Learning in Reception should be as fun as possible. If things are getting a little repetitive for your child, try Play School TV. Greg Bottrill is making videos full of adventure but in simple ways.

Daily Learning Expectations

Phonics - Set 1, Set 2 or Set 3

depending on what your teacher has recommended.

Reading - this might be practising some core words, reading a phonics book or reading some CVC words.

IXL - completing the tasks recommended below.

Play - free time to explore creatively and physically.

Everything else we've recommended is just that - recommendations to help keep brains working while they're away from school.

Check out a favourite story of ours being told as a puppet show!

<https://www.youtube.com/watch?v=NBJmp1c3XIQ>

There's other puppet shows and tutorials on the The Little Angel Theatre page as well <https://www.youtube.com/channel/UCmAEtPlnZ3YkZ3FWfbwJPQ>

Maybe you could try making puppets for one of your favourite stories. You could even make tickets and snacks for your family when you're ready to perform.

The red tasks are more challenging.

IXL	Mon	Tues	Wed	Thurs	Fri
Lit	I9	I10	I11	I12/P2	I25/P4
Maths	H10	M9/M1	M10/M2	M11/M3	U7

You will need to open the Y1 tab on the left side of the screen

Don't forget [Oak National Academy](#)

offers daily lesson videos for some more in depth learning opportunities too.

We'd love to receive pictures of your puppets, or any art work you've been making at home - have a look at the new Home Learning Grid for an art challenge using items from around the house.
