Home Learning newsletter

W.C: 1.6.2020

Hello! We hope you are all well and had a brilliant half term holiday! It's time again to start your home learning, this half term our topic is 'The Seashore' and we are really excited for this one! Did you go to the beach in half term? What did you see or find?

It's really important to put aside some time to talk about how you are all feeling and to re-assure your child, during these uncertain times. It is also good to think about **'highlights'** and **positive moments** within your day. Sometimes we all need to relax and it's not always that easy, especially in these tricky times. This is a guided meditation for children that gives them something to focus on and encourage timeout and relaxation <https://www.youtube.com/watch?v=aX9PUQcdQ2U>

Please continue to email us **weekly**, as we are here to help support you during this home learning experience. We are really looking forward to hearing about what you have been up to over the half term holidays.
