Home Learning newsletter
W.C: 8.6.2020

Hello! We hope that you are all well. Some of you will be coming back to school this week and your teachers are looking forward to seeing you. Some of you aren't coming back yet and that is okay too, your teachers are all thinking of you and will be available by email if you need them, however, please bear in mind that they will be teaching so won't be available all the time.

Times are still feeling a little tricky and talking about **feelings** is really important. At this time, it is important for children to be reassured and know it is okay to be sad sometimes but also know how to deal with it. Here is a story that might help, When sadness is at your door: https://www.youtube.com/watch?v=U5CgTj4Izfw. It is also important for them to know how amazing they are and what a great job they are doing, here is a fun video to let them know: https://www.youtube.com/watch?v=TBmwS5bHxfY

Please continue to email us **weekly**, as we are here to help support you during this home learning experience.
