# Home Learning newsletter

## W.C: 15.6.2020

Hello! We know that some of you came back to school this week and we hope you had a great time. For those of you who did not come back to school we know this can be a tricky time. Your teachers are missing you all and you can get in touch with them through email still to talk about your work and what you have been doing.

Some of you may be feeling a little left out that your friends or teachers have gone back to school and you haven't. It is really important to **talk about these feelings** with an adult. Sometimes there are things that we can't control but it is really important to remember the things that we can. Maybe you could write a list of all the **things you can stay in control of**. Here is a story called 'When I'm Feeling Lonely' that might help with some of those feelings <https://www.youtube.com/watch?v=7w-dLSx7EYw>.

Please continue to email us **weekly**, as we are here to help support you during this home learning experience.
