# Nursery

Hello everybody!

We hope that everyone is keeping well at home. As the school year nears to an end, the adults at nursery would just like to say a big thank you for your ongoing support. The children have all made fantastic achievements over the year and have developed in confidence. We want to wish all of the children who are moving on to reception a fantastic year ahead. We know that they will all enjoy this new adventure in their learning journey.

For those of you who have children who are returning to nursery in September, we want to say that we are really looking forward to seeing all of you again. I am sure that you are excited to see some of your friends again. You will also have lots of new friends to meet!

If you are able to, please head over to the [nursery page](#) on the school website, where you can show your child a short video message from myself. Don't forget to also visit the reception page to view a video from your new teacher if you are going to reception in September.

We hope that you enjoy your Summer!  
From Miss Laycock and the nursery team.

## Home learning suggestions:

<p>If your child is starting school in September, West Sussex provide this <a href="#">helpful guide</a> with activities that you can do together to help them prepare for school.</p>	 <p>Encourage problem solving by providing sheets, pegs and furniture (inside or out). Can they make their own tent? How will they make it stay up?</p>	<p>Take a walk down to the beach when the tide is low. Can you draw your family in the sand? What about some of the letters from your name? Can you find any special shells in the sand?</p> 	<p>Have a go at making up your own story. Who is going to be in your story? What will happen? You could use these <a href="#">story prompts</a> to help you think of different ideas. They are free to access. You just need to sign up.</p>
<p>Put on a show for your family and have a go at remembering all of our Rhyme Time Challenges over the year. Do you remember the words to Jelly on a Plate? How about Teddy Bear, Teddy Bear?</p>	<p>Make this easy non-cook <a href="#">playdough recipe</a> at home (with an adult). You can make your playdough even more interesting by adding food colouring, food flavouring, glitter or even herbs or flowers from the garden!</p>	<p>Now that the sun is back (hopefully!) why not explore what you can do with water. Save up used water bottles of different sizes for pouring water. Explore how far you can squirt water in a spray bottle. Can you draw pictures with water on the floor?</p>	<p>Do you have any string or wool at home? Or even an old shoelace? Have a go at making a necklace by threading pasta tubes or old buttons on to them.</p>

We have enjoyed receiving updates about what you have been doing at home, so please keep them coming! Email us at [nursery@fieldplace.org.uk](mailto:nursery@fieldplace.org.uk)
